The Essence of Engineering

Solutions for upstream, midstream and downstream sectors

- Upstream**
- Top drives
 - Drawworks
 - Jack-up systems
 - Pipe tensioners
 - Compressor drives
 - High speed pump drives
 - Mooring & anchor winches
 - Gen-set drives
 - Fire-fighting pump drives

Dredge pump gearbox

Jack-up gearbox

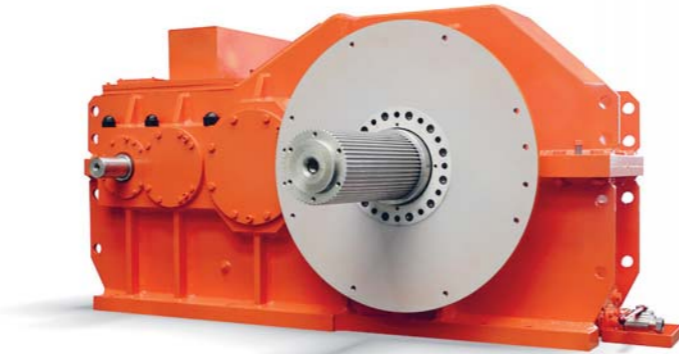

Anchor winch gearbox for the world's largest construction vessel Pioneering Spirit

High speed pump drive gearbox

- Midstream**
- High speed pump drives
 - Gears for propeller drives
 - Dredge Pump Gearbox
 - Compressor drives

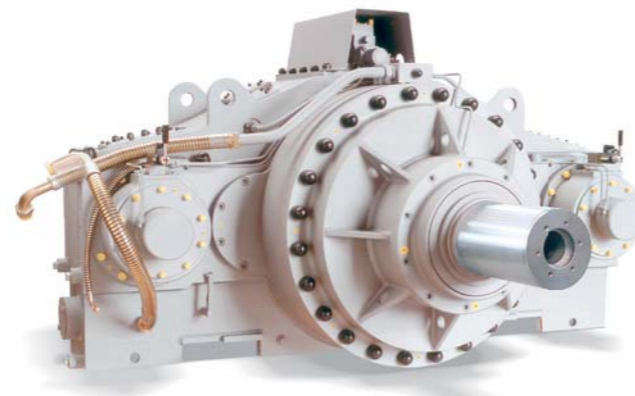

Mooring winch gearbox

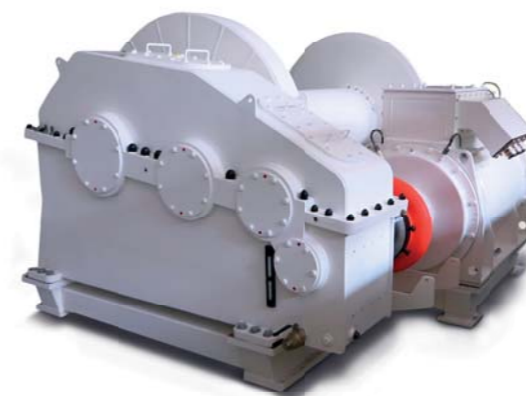

Fire fighting pump gearbox

- Downstream**
- Compressor drives
 - Process pump drives

AHTS winch gearbox for Rolls Royce

35 tons trawl winch with parallel shaft gearbox

Wikov – The Essence of Engineering

Tailored solutions

Engineering competence

Gear manufacturing tradition since 1918

Manufacture to latest international standards such as ISO, DIN, AGMA, API and others

State of the art machine tools

Cutting edge gear inspection

Full load testing capability

Third party certification such as ABS, DNV, GL, BV and others

Aftermarket services such as repairs, preventative maintenance, inspections and overhauls

WiGuard® - Remote condition monitoring system
