

Pump Drive Gearboxes

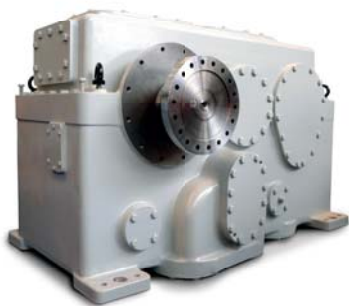

Engineered Drive Solutions for Pump Applications

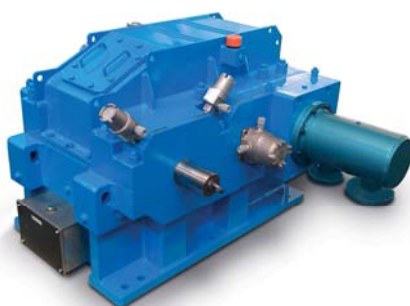

WIKOV

The Essence of Engineering

Wikov provides a range of pump drive gearboxes used mainly in the power generation industry. We have a ready-made solutions or we engineer a gearbox as per your specific needs.

General Electric parallel-shaft gearbox type GE9E

Boiler feed pump turbo gearbox RSB 400

Feed-water pump gearbox RUB 280

Boiler feed pump turbo gearbox RSB 250

One-stage vertical gearbox for water pumping stations

Fire-fighting pump gearbox

Applications served by Wikov

Boiler feed pump drives

Feed-water pump drives

Cooling water pump drives

Auxiliary oil system pump drives

District heating circulation water pump drives

Fire-fighting pump drives for power plants

Water pumping stations

Wikov – The Essence of Engineering

Gear manufacturing tradition since 1918

Tailored solutions

Rapid prototyping

Manufacture to latest international standards such as ISO, DIN, AGMA, API and others

Cutting edge gear inspection

Aftermarket services worldwide

WiGuard - remote condition monitoring system
