

Orbi-flex[®] Gearboxes for Shredders

Shock load resistant solution

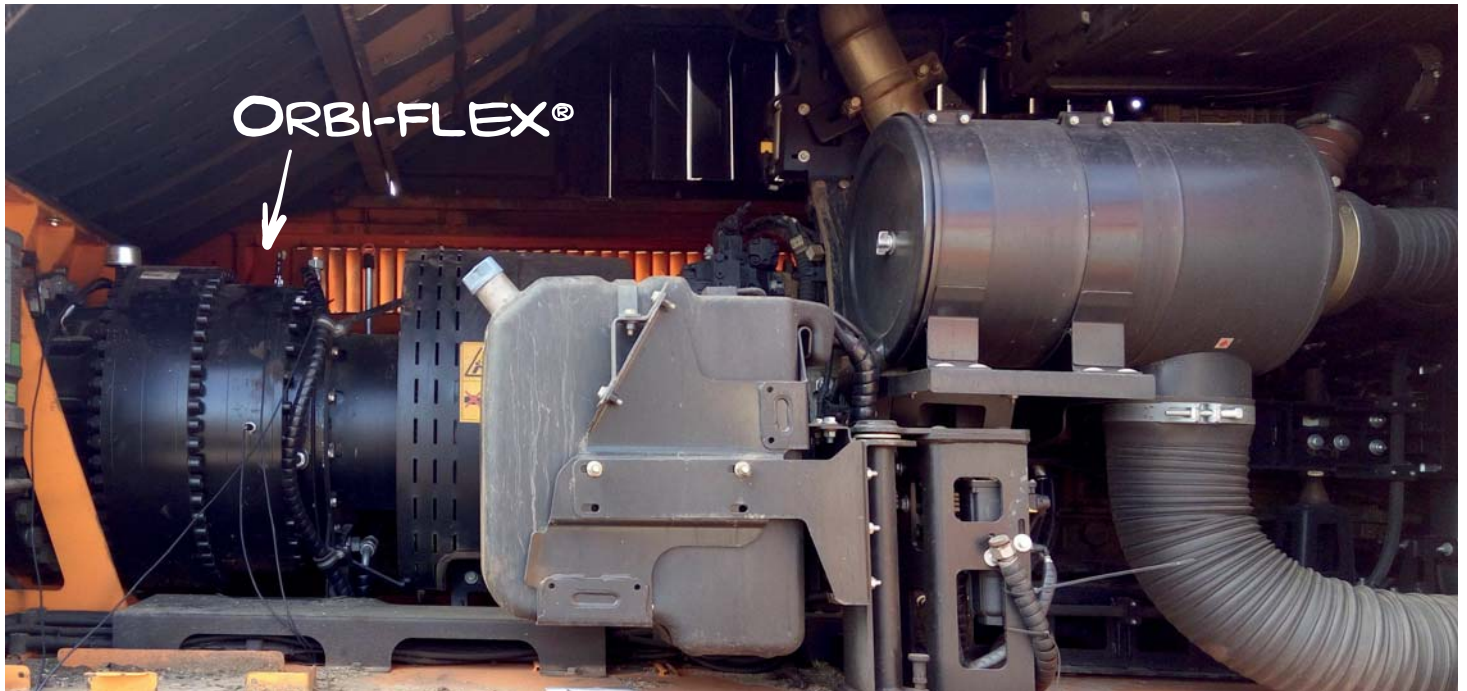

WIKOV

The Essence of Engineering

Orbi-flex® Gearboxes for Shock Load Applications

Planetary gearboxes with technology of a flexible pin are a field proven solution for shock load intensive applications like shredding and crushing of various materials. The solution is used for 30+ years in tough environments across industrial applications.

Orbi-flex®
Gearbox Calculator

The Right Path to Success with

- shock load resistance through flexible pin technology
- low operational costs through high efficiency of >97%
- extended gearbox lifetime
- minimal maintenance costs
- space saving and light weight

Standardized solutions for individual requirements
